## **Charter School Start-up**

Deborah Dyson provides affordable legal services to assist charter schools during the planning phase. She will work with the project director and development team to form the nonprofit corporation for the charter school and to apply to the IRS for 501(c)(3) tax-exempt status.

These legal services are described in detail at “How to Form a Nonprofit Corporation with Tax-Exempt Status” at [www.dysonlegal.com/nonprofits/forming](http://www.dysonlegal.com/nonprofits/forming).

Instead of hourly fees, which are unpredictable to the charter school, Deborah has fixed fees for her services. A fixed fee means that a client gets their questions answered without concern of escalating expense. A fixed fee means a guarantee that the charter school will be legally incorporated and receive its 501(c)(3) letter from the IRS. Deborah will work with the IRS on behalf of the charter school until this letter is received.
